**More than just an oil company**

Power efficient Automotive Oils, Knitting oils and Industrial Lubricants

## ALPHA 68, X 68

(Premium Hydraulic Oil)

These oils are recommended to high pressure systems and power transmission systems requiring very high viscosity index oil, operating under high speeds, load and temperature. These oils are recommended for hydraulic applications with sophisticated high performance electro hydraulic or numerically controlled systems.

Capacity	Product Code
20 Ltr.	AX7020
50 Ltr.	AX7050
210 Ltr.	AX7210

## ALPHAKNIT<sup>®</sup>32, 46

(Stainless Knitting Oil with extra Viscosity)

Alphaknit range is considered the best oil for knitting machines due to its anti-corrosive and anti-wear properties. Therefore, it is used in large and medium sized type of machinery. This oil lubricates needles, sinkers, couplings, cams, cylinders, dials etc.

Capacity	Product Code
20 Ltr.	AK2020
50 Ltr.	AK2050
210 Ltr.	AK2210

## WONDERKNIT

(Water Soluble Premium Knitting Oil)

Most ideal for high-speed circular knitting machines for centralize lubrication system. Provides necessary lubrication to cam and needles. In the event of cloth getting stained, gets washed off easily.

Capacity	Product Code
05 Ltr.	WK4005
20 Ltr.	WK4020
50 Ltr.	WK4050
210 Ltr.	WK4210

## MOBIL OIL 20W40

(For Modern Engine/Mechanical Knitting Machine)

Mobil oil 20W40 is high performance engine oil for modern engines. Though developed for latest engine technology, Mobil Oil 20W40 provides good protection for old technology engine too.

Capacity	Product Code
20 Ltr.	MO5020
50 Ltr.	MO5050
210 Ltr.	MO5210

## MOBIL OIL 15W40

(For Diesel Engine/Genset)

Mobil oil 15W40 is a high performance multi grade Diesel engine oil manufactured from imported base oil. It is fortified with specially selected organo-metallic detergent and ashless dispersant to combat soot induced oil thickening & amp wear.

Capacity	Product Code
20 Ltr.	MO6020
50 Ltr.	MO6050
210 Ltr.	MO6210

## ALPHACOMP A (Air Compressor Oil)

For high performance reciprocating & amp; rotary air compressors where air discharges temperatures may go up to 220°C. Available in 46 and 68 viscosity grades.

Capacity	Product Code
20 Ltr.	AC7020
50 Ltr.	AC7050
210 Ltr.	AC7210

## ALPHACOMP F (Freeze Compressor Oil)

Alphacomp oils possess high fluidity at very low temperature, resist deposit formation and have reduced tendency to foam. These oils ensure high condenser efficiency and reduced compressor valve maintenance due to fewer deposits

Capacity	Product Code
20 Ltr.	AF9020
50 Ltr.	AF9050
210 Ltr.	AF9210

## ALPHA GEAREX (Industrial Gear Oil)

Premium quality EP type industrial gear oil for enclosed gear drives operating at high load and speed conditions. Viscosity Grades: 90, 220, 320

A_n_agw	Nprbsar Anbc
20 Ltr.	AG1120
50 Ltr.	AG1150
210 Ltr.	AG11210

## ALPHA CUTEX S (Soluble Cutting Oil)

Soluble cutting oil recommended for cutting operations like drilling, forming, planning, milling, sawing on ferrous & non-ferrous materials. Commonly used for CNC machineries. Water to oil ratio is 20:1.

Capacity	Product Code
20 Ltr.	AC1220
50 Ltr.	AC1250
210 Ltr.	AC12210

## ALPHA TRANEX (Transformer Oil)

Tranex oil is made from refined mineral oil without any additive and sufficiently free from moisture that is stable at high temperatures and has excellent electrical insulating properties, good oxidation stability, low volatility and resistance to sludge formation.

Capacity	Product Code
20 Ltr.	AT1320
50 Ltr.	AT1350
210 Ltr.	AT13210
